PATIENT CONSENT FORM

Treatment

I authorize and consent to the physicians, nurses, other medical staff, employees and agents of the Seminole Tribe of Florida providing medical and surgical treatment, medication, supplies and other items related to my healthcare as determined to be necessary in their professional judgment.

I understand that this consent is given before any specific diagnosis or treatment. I intend that this consent is continuing in nature and will remain in effect until revoked by me or my representative in writing.

Emergency Medical Care

If Seminole Tribe of Florida Health Department personnel determine, in their professional judgment, that I have an emergency medical condition and need emergency medical care and treatment, I hereby authorize the Seminole Tribe of Florida Health Department and its related health care providers to arrange for the care and treatment necessary to address my emergency medical condition, including but not limited to arranging for emergency transport to a hospital. I understand and agree that I may be responsible for all costs associated with such transportation and emergency care not covered by my health benefits.

Cancellation

I agree that I will provide at least twenty-four (24) hour notice to the Seminole Tribe of Florida Health Department when canceling an appointment.

**NOTICE OF PRIVACY PRACTICES
FOR THE
SEMINOLE TRIBE OF FLORIDA HEALTH DEPARTMENT**

Effective Date: May 1, 2005

Revised: May 1, 2020

This notice describes how health/medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

Legal Duty

We, the Seminole Tribe of Florida Health Department ("Health Department"), are required by law to maintain the privacy of your health information that we use or receive. We are also required to give you this Notice about our privacy practices, our legal duties, and your rights concerning your health information. We will follow the privacy practices described in this Notice while they are in effect.

This Notice provides you with the following information:

- How we may use and disclose your health information;
- Your privacy rights regarding your health information; and
- Our obligations concerning the use and disclosure of medical information.

We reserve the right to change our privacy practices and the terms of this Notice at any time. Any revision or amendment will be effective for all information held by us. A copy of this Notice will be posted in the waiting room of all Health Department facilities and you may request a copy of this Notice at any time.

Use and Disclosure of Health Information

We may receive or maintain health information about you for treatment and payment purposes. We also may hire business associates to help us in providing services to you. Our business associates may use the health information about you for our healthcare operations and payment, if applicable.

Treatment. We may use or disclose your protected health information ("PHI") to provide, coordinate, or manage your health care and any related services, including coordinating or managing your care with other health care providers.

Uses for Payment. If applicable, we may use and disclose your health information to obtain payment for your health care services. For example, obtaining approval for payment of services from your health plan may require that your PHI be shared with your health plan. We may also provide your PHI to our business associates such as billing companies, collection agencies, and vendors who mail billing statements.

Uses for Healthcare Operations. We may use and disclose health information about you for operational purposes. For example, your health information may be disclosed to appropriate employees in the Health Department to:

- Provide to you appointment reminders or information about treatment alternatives;
- Run the department and improve the care we provide to you; or
- Conduct training programs; or
- Arrange for accounting and legal services, business planning, business management and general administrative activities.

To You or Your Authorized Representative. We must provide your health information to you upon request, as more fully described in the "Your Rights to Health Information" section of this Notice. We will disclose your health information to an individual designated as your personal representative, attorney-in-fact, guardian, etc., so long as we receive documentation of that person's authority to act on your behalf. We can refuse to disclose information to your personal representative if we have a reasonable belief that:

- You have been, or may be, subjected to domestic violence, abuse or neglect by such person; or
- Treating such person as your personal representative could endanger you; and
- In our professional judgment, it is not in your best interest to treat the person as your personal representative.

Individuals Involved in Your Care or Payment for Your Care. We may share your health information with a friend, family member, or another person you identify who is involved in your care or payment for care if you do not object to the disclosure or you agree to share your information with them. If, for some reason such as a medical emergency, you are not able to agree or disagree, we may use our professional judgment to decide whether sharing your information is in your best interest. This includes sharing information about your location and general condition. We may also share information about you to an organization assisting in a disaster relief effort so they can notify your family about your condition, status and location.

Permitted by Law. Except as described in "Your Authorization," we may use or disclose your health information where permitted by law. For example, we may disclose information for the following purposes:

- **Assist with public health and safety issues:** We can share health information about you for certain situations such as:
 - preventing disease;
 - reporting suspected abuse, neglect or domestic violence;
 - preventing or reducing a serious threat to anyone's health or safety; or
 - assisting law enforcement officials in their law enforcement duties.
- **Research:** We do not share your identifiable health information for research purposes.
- **Comply with the law:** We will share information about you if laws require it, including sharing information with the US Department of Health and Human Services if it wants to see that we are complying with federal privacy laws.
- **Address workers' compensation, law enforcement and other government requests:** We can use or share health information about you:
 - for workers' compensation claims;
 - for law enforcement purposes or with a law enforcement official;
 - with health oversight agencies for activities authorized by law; or
 - for special government functions such as military or national security.
- **Respond to lawsuits and legal actions:** We can share health information about you in response to a court or administrative order, or in response to a subpoena.
- **Organ and Tissue Donation:** If you are an organ donor, we can share information about you for organ, eye or tissue donation purposes; provided we follow applicable laws.
- **Coroners, Medical Examiners and Funeral Directors:** We can share information about you to coroners, medical examiners or funeral directors to carry out their duties.
- **Inmates:** We can share information about you to a correctional institution having lawful custody of you that is necessary for your health and the health and safety of other individuals.

Sale of Your Health Information. We will never sell your health information without your prior authorization.

Marketing Products or Services. "Marketing" means to make a communication to you that encourages you to buy or use a product or service. We will not use or disclose your health information for marketing communications without your prior written authorization.

We may also communicate with you about health related products or services (including information about who participates in our provider network), treatment, case management or case coordination (including recommending alternative treatment, providers or settings for care.) We do not receive any payment for making these communications.

Your Authorization. Except in the situations described above, we will use and share your PHI only with your written authorization. We are not permitted to sell or rent your PHI and may not use or share your PHI for marketing or fundraising purposes without your authorization. Except in very limited circumstances, we may not use or disclose psychotherapy notes without your authorization.

In some situations, applicable law may provide special protections for sharing specific kinds of PHI and require authorization from you before we can share that specially protected medical information. For example, information about treatment for alcohol or drug abuse, HIV/AIDS and sexually transmitted diseases, and mental health may be specially protected. In these situations, and for any other purpose, we will contact you for the necessary authorization. If you give us an authorization, you may later revoke it in writing at any time.

Your Rights to Your Health Information

We may maintain records containing your health information. In some cases, our business associates will possess the information that is responsive to any of the individualized requests detailed in this section. You may contact the business associate to review that information. The business associate is obligated to provide you with the same rights as those described in this Notice. You have the following rights regarding health information that we maintain about you:

- **Access.** With limited exceptions, you have the right to review or obtain copies of your health information in electronic or paper format. We will provide a copy or summary of your health information, usually within 30 days. You also have the right to request that we send your health information to another person. Your request must be in writing and include the name and address of the person who is to receive the records.

If we do not maintain the health information that you request, but we know where the information is maintained, we will let you know where to send your request.

- **Disclosure Accounting.** You have the right to receive a list of instances in which we, or our business associates, have disclosed your health information for purposes other than treatment, payment, healthcare operations, or where you have provided us with an authorization for disclosure. You may request this list for any disclosures made in the previous 6 years.
- **Request Restrictions.** You have the right to request that we place additional restrictions on our use or disclosure of your health information, including restricting uses and disclosures to family members, relatives, friends, or other persons you have identified who are involved in your care or payment for your care. We are not required to agree to these additional restrictions except where, if applicable, you have paid for medical services out-of-pocket in full and have requested that we not disclose your PHI to a health insurance plan for payment or health care operations purposes. In that case we will agree to the restriction unless a law requires us to share that information.
- **Alternative Communications.** You have the right to request in writing that we communicate with you about your health information by alternative means or at an alternative location. Your request must specify the alternative location. For example, you can ask that we only contact you at work or by mail.

- **Amendments.** You have the right to request that we amend your health information contained in our records. Your written request must explain why the information should be amended. We may deny your request under certain circumstances.
- **Electronic Notice.** If you receive this Notice in electronic form, you have the right to request a paper copy of this Notice at any time. We will promptly provide you with a paper copy.
- **Privacy Breach Notice.** You have the right to receive a notice if we or a business associate discover a breach of your unsecured PHI and determine through an investigation that notice is required.

Questions and Complaints

If you want more information about our privacy practices or have questions or concerns, please contact the Privacy Officer at (954) 962-2009. The Privacy Officer is responsible for handling any grievances associated with our uses and disclosures of your health information. The Privacy Officer's address is:

Privacy Officer
Seminole Tribe of Florida Health Department
111 W Coral Way
Hollywood, FL 33021

If you are concerned that we may have violated your privacy rights, or you disagree with a decision made about access to your health information, or in response to a request you made related to the "Your Rights to Health Information" section of this Notice, you should contact the Privacy Officer. You may also submit a written complaint to the U.S. Department of Health and Human Services, at the Hubert H. Humphrey Building, 200 Independence Ave. S.W., Washington, D.C., 20201.

We support your right to the privacy of your health information. We will not retaliate in any way if you file a complaint with us or with the Office for Civil Rights of the U.S. Department of Health and Human Services.

**PATIENT BILL of RIGHTS
and RESPONSIBILITIES**

Patient Bill of Rights and Responsibilities:

This protects and supports the basic rights of an individual as it relates to basic actions of getting information, seeking healthcare, and making decisions that impact your health and wellbeing.

The patient has the right to:

- be informed of your rights as a patient, prior to receiving care or upon discontinuing care.
- receive quality care and services in a dignified manner, regardless of race, sex, age, sexual orientation, or cultural, religious, economic, or educational background.
- receive comprehensive care considerate of your psychosocial, cultural, and spiritual background, delivered in a respectful manner as well as in a safe environment that supports confidentiality and privacy.
- know the name and educational background of the primary care physician, as well as other physicians and health care providers involved in your care.
- receive information from the healthcare provider regarding illness, treatment options, diagnosis, and expected recovery in easy-to-understand terms; as well as information regarding a description of procedures, its risks, and risks involved with non-treatment.

- individually, or together with your family, participate in the development and implementation of your plan of care.
- refuse treatment as permitted by law.
- formulate Advance Directives and have caregivers comply with the directives.
- be given information regarding the Seminole Health Department grievance process.
- access medical records or information, within a reasonable timeframe.

When seeking healthcare, it is the patient's responsibility to:

- provide accurate information regarding your health status, symptoms, medications, past medical conditions, and anything that applies to your current health.
- report changes in conditions.
- seek clarification and ask questions when you do not understand information received.
- follow instructions given to you.
- keep appointments and reschedule in a timely manner, if needed.
- if desired, complete Advance Directives and identify a Healthcare Surrogate in the event that you cannot make decisions about healthcare and treatment.
- behave in a courteous and respectful manner.
